

PRODUCT SUPPLY PROPOSAL

TORTRANS
ENERGO

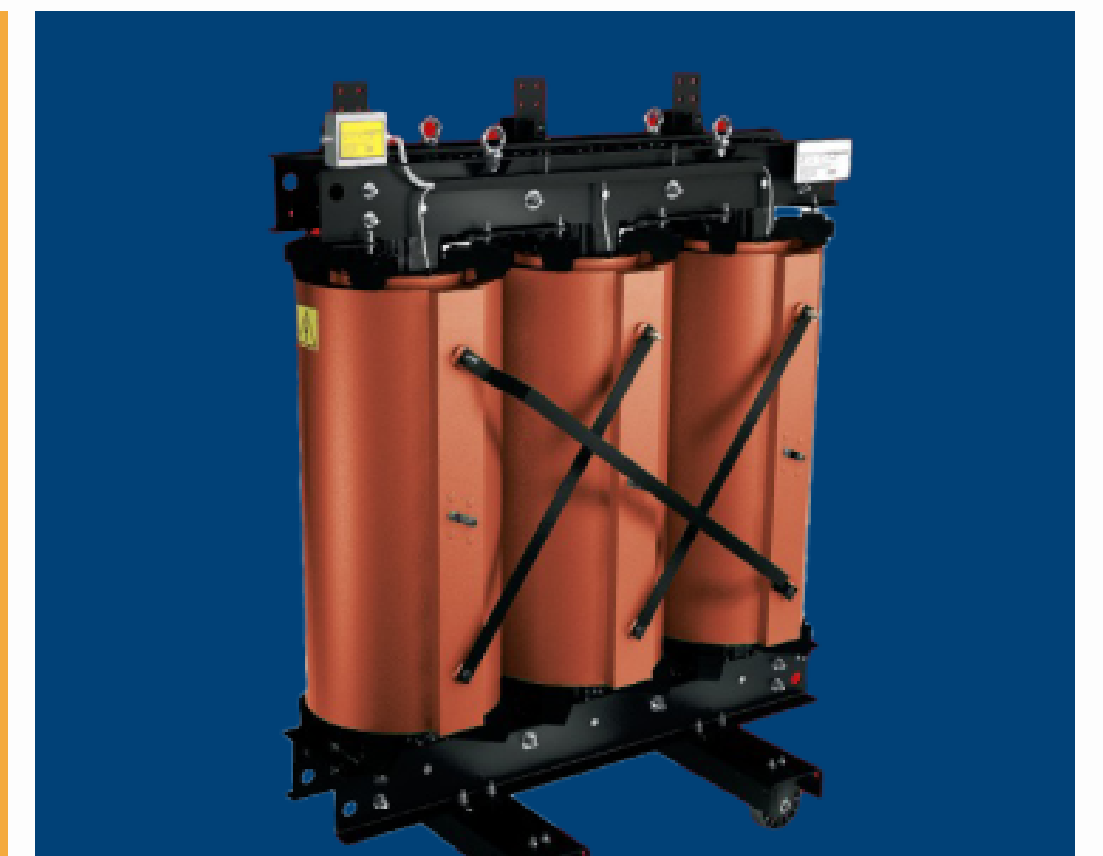

**YOUR PARTNER
IN THE WORLD
OF ENERGY**

ABOUT US

LLC "TORTRANS ENERGO" cooperates with a number of leading global manufacturers of cable and conductor products, transformers, steel structures for overhead power line supports, and open switchgear for substations with a voltage of 35 kV and above.

Our company has long been importing products from reliable manufacturers who have established a strong reputation in both the global and Ukrainian markets thanks to their high quality and consistent supply.

OUR PRODUCT OFFERING

Cable and Conductor Products

- Bare A & AC Conductors
- XLPE Power Cables 6–110 kV
- Fiber Optic Cable
- LAN Cables and Other Types of Cable Products

Transformer Equipment

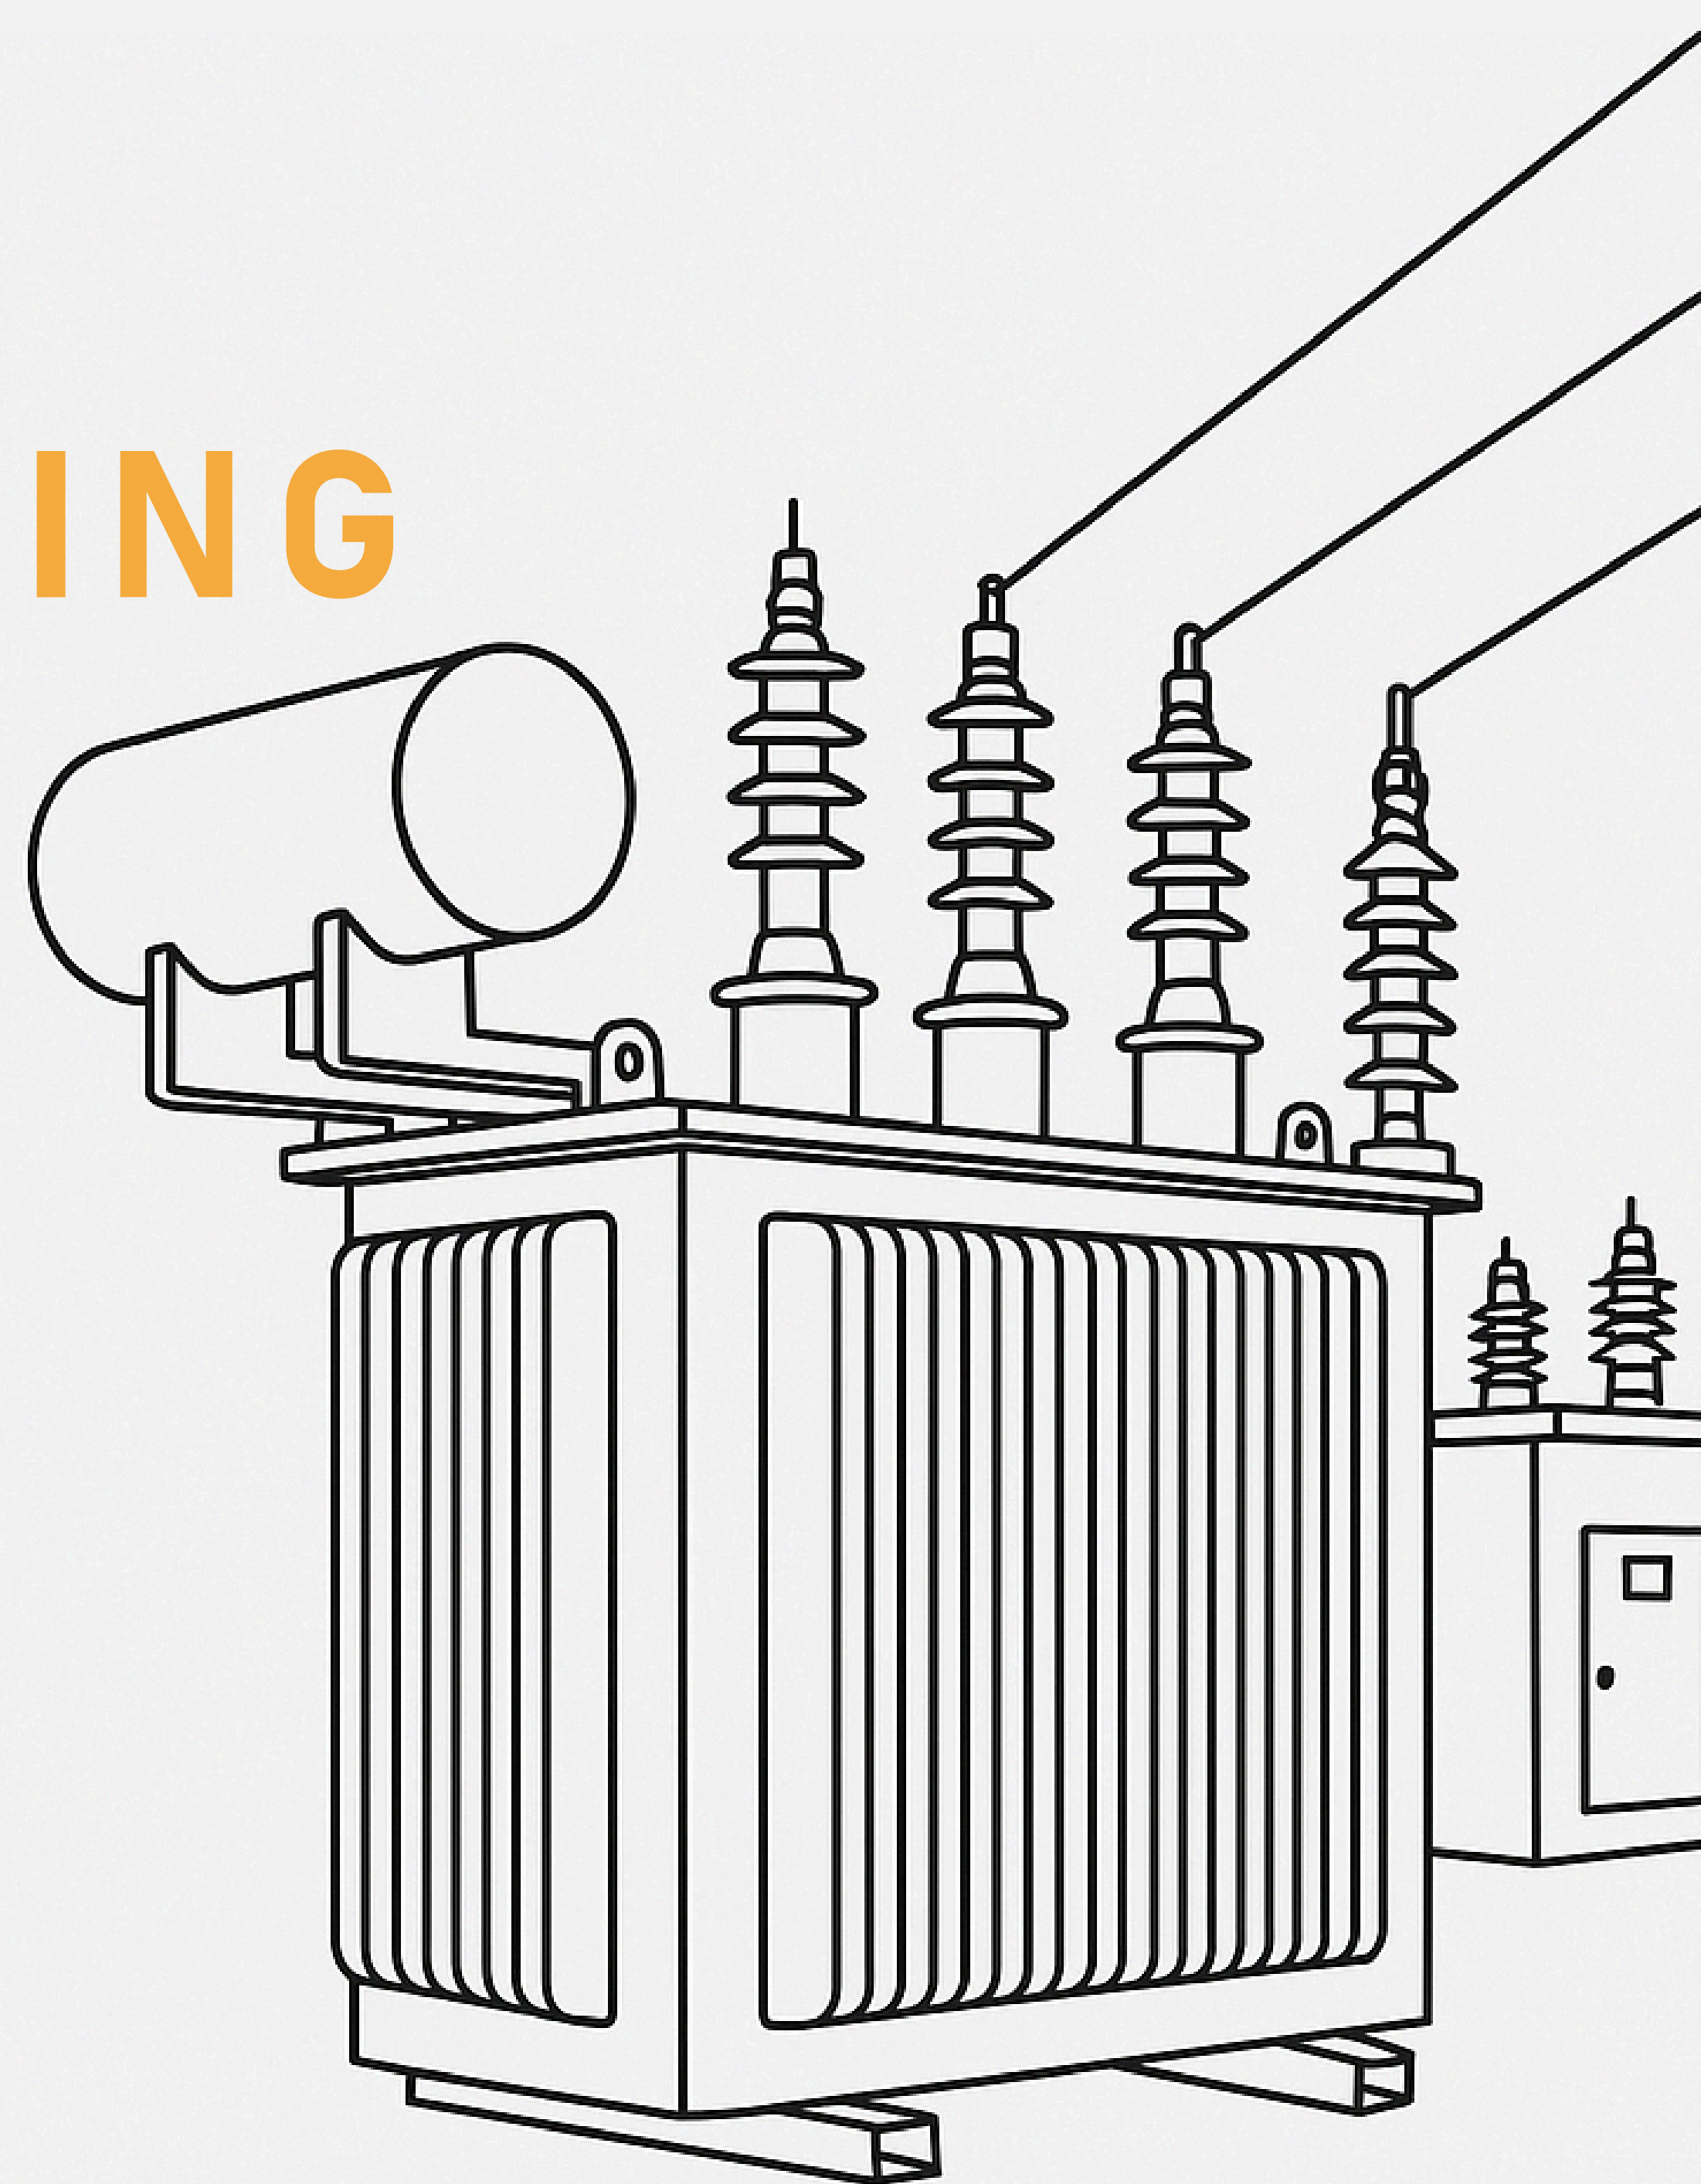

- Oil-Immersed Transformers: 220 kV Class (240,000 kVA, 10 units/year); 110 kV Class (100,000 kVA, 20 units/year); 35 kV/10 kV Class (40,000 kVA, 10,000 units/year).
- Dry-Type Transformers: Class
- 35 kV/10 kV (10,000 kVA, 8,000 units/year).

Metal Structures & Supports

- Galvanized Steel Poles: Polygonal & Round
- Lighting Poles & Masts
- Autonomous Lighting Supports
- Lightning Protection Supports
- Flagpole Supports
- Polygonal Transmission Line Supports
- Overhead Contact Line Poles
- Brackets, Crossarms, Beams
- Anchor Foundations for Poles, Masts, Flagpoles, and Lightning Protection Systems

OUR MANUFACTURING PARTNERS

OUR KEY ADVANTAGES

1

**Fast and Effective
Problem-Solving**

2

**Flexible and Competitive
Pricing**

3

**Control Over Delivery
Timeframes**

4

**Direct Long-Term
Partnerships with
Manufacturers**

5

**Possibility to Adjust the
Price Within 3–5% of the
Market Value**
